

Dear Midwestern Society Members,

WOW, February in Cancun what a great meeting. The warm tropical breezes were wonderful. For those of you that were there you know what I am speaking about. For those of you who missed the group, we have a great meeting planned for 2009 in Branson MO. Dr. Roger Wilson, our fearless leader, has assured me of great things and weather similar to Cancun. Did I say warm in February? Opps I forgot. It was a little windy but not any worse than those Kansas winds that the billionaires, like T. Boone Pickens are trying to harness!! We did have an enjoyable time, Great C.E. provided by our very own Dr. Kevin Reick from the Mayo Clinic.

I passed the presidents gavel off to Dr. Roger Wilson's very capable hands and have retained the job of Secretary/Treasurer. Things seem to be moving well in the organization into the year of 2009 just one year prior to our 60th Anniversary meeting!!! Yes, Dr. Steve Green has the shoulders wide enough to put on a wonderful 60th year Celebration in 2010. His plan is to have a meeting that no Oral Surgery Organization has seen for 60 years! No pressure now Dr. Green. The following year Dr Cole is diligently planning a meeting to follow such an event so Dr. Green can sit back and enjoy himself!!!

We did have a successful meeting in Cancun and Kate and I would like to thank each and every one in attendance. Now on to Branson and bringing on the Midwestern OMS membership to the Chateau on the Lake, May 21-23, 2009. Hopefully your summer has been full of Third Molar Surgeries and this letter finds you all in good health.

Please remit to Dawn Myers your yearly membership dues and be prepared for a great meeting in Branson.

Sincerely,

Barton G. Bycroft, D.M.D.
Secretary / Treasurer MSOMS
